EXPERIENCE

FINANCIAL CONTROLLER – APAC REGION

01/2016 - Present

ABS GLOBAL GROUP – Australian Operations | North Sydney, NSW

Reporting to the USA-based Group Chief Financial Officer and as a member of the Senior Accounting Team, core activities include the following:

- Leading Financial Managers across APAC countries, re-enforcing the importance of business partnering and operational engagement including implementing process and profit improvement initiative.
- Delivering timely/accurate financial/operational analysis on a broad range of business issues to executive global management stakeholders.
- Preparing monthly and regional reporting packs with insightful commentary for presentations in review meetings with Global CFO.
- Coordinating/consolidating APAC regional budget, monthly rolling forecasts and actual results for the Wholesale and Retail financing business.
- Actively involving the review of pricing for countries within the APAC region, including validation of cost of funding, risk and overhead assumptions for approval by pricing committee.
- Preparing month-end required interest revenue/interest expense accruals, FX loss/gain calculations, Portfolio and Overhead accruals.
- Finalising country P&Ls, assisting with journals within the APAC region.

Key Contributions:

- Improved efficiencies in budget/forecast consolidation by automating Causal Deck preparation through links to the Global Hyperion Financial Management System.
- Added value to the business through insightful analysis involving identification of key drivers, historical, current and future, having an impact on business performance and position.
- Reduced reporting days from 15 to 3, developing financial literacy at management level, creating deeper engagement with budgeting process, formalising the accounts into a template and adding automation via SQL to minimise non-value add tasks.

SENIOR FP&A ANALYST/CONTROLLER

10/2011 – 12/2015

ABS GLOBAL GROUP – Australian Operations | North Sydney, NSW

In this earlier role with the Group, I performed a broad range of management accounting and financial analysis activities including:

- Preparing monthly consolidated Board and Executive management reports including variance analysis on revenue/expenditure, CAPEX spent/forecast, and cash flow analysis with rolling 12-month forecasts.
- Coordinating the completion of month-end financial reporting (including IT project management for R&D funding purpose, global supply chain cost variance analysis to budget).
- Preparing annual budgeting and three forecasts per year for the APAC region.
- Preparing monthly business reporting packages for local/Global management including but not limited to WD5, WD10 flash reports, Pricing & Portfolio Review decks.
- Business partnering, monthly financial results analysis and preparation of financial, analytical and interpretive reports for Business leaders.
- Analysing/reporting risk, strike rates, portfolio ageing and monthly origination.

Key Contributions:

- Assisted in the development and implementation of ALM Project (Asset/Liability Management) for annual budgeting/three forecasts per year for the APAC Financial services business.
- Analysis of opportunities in improving third party income through determination of historical portfolio yields and considering options and benefits provided by risk-based pricing.

ACCOUNTANT**05/2005 – 08/2011****LNJ CAPITAL PTY LTD | Leichhardt, Sydney, NSW**

Reported to the Financial Controller accountable for the following core activities:

- Month-end reporting/analysis of P&L, GL reconciliations, Balance Sheet reconciliations through analysis of production schedules for revenue recognition/cost allocation and application of principles of accruals and deferrals.
- Completing statutory/regulatory requirements such as preparation of BAS, FBT and maintaining relevant internal controls.
- Fixed Assets management, bank reconciliations, credit cards/fuel cards accounting for expense accruals, lease contracts management.

Key Contributions:

- Led and coordinated Job Costing data-migration project to SAP.
- Developed APB specific P&L & B/S reports using financial report writing tool in Pronto.
- Reduced reporting days from 15 to 3, developing financial literacy at management level, creating deeper engagement with budgeting process.
- Constant Inventory Monitoring led to improvements in Bills of Materials/purchasing practices.

ACCOUNTANT**04/2002 – 05/2005****ABCD CHARTERED ACCOUNTANTS | Macquarie Park, Sydney, NSW**

- Providing client services (primarily for small-to-medium-sized-enterprises) such as:
 - Preparing income tax returns for Individuals, Partnerships, Trusts, and Companies;
 - Preparing BAS, Instalment Activity Statements, and reconciling GST provisions;
 - Preparing financial statements to final accounts stage;
 - Undertaking fixed asset register reconciliations and review of investment allowances;
 - Developing and communicating taxation strategies and tax planning;
 - Preparing and analysing budgets, forecasts, and performance indicators;
 - Providing bookkeeping services (using MYOB, QuickBooks, or APS General Ledger) and giving recommendations on improving their internal processing;
 - Advising clients on payroll areas including PAYG withholding, super guarantee, annual leave, long service leave calculation, and payroll tax implication; and
 - Liaising with third parties (ATO, lawyers, bankers etc.) on behalf of clients.

Key Contributions:

- Added a number of key client accounts through networking and direct marketing activities targeted at SME and new business start-ups.
- Developed various templates to assist clients with tracking revenue expenditure and monitoring cash flow.
